 /rajiv-kumar-ba056a281

### EDUCATION

- ❖ Bachelor of Computer Applications SGPA:**8.6**  
(Tecnia Institute of Advanced Studies, rohini)
- ❖ XII (CBSE) | Rpvv, karol bagh 71.2% | 2023

### ACADEMIC PROJECTS

- ❖ Personal Ai Assistant(python)
  - Developed a Python-based voice-controlled system that accepts user commands via speech recognition and provides relevant responses
  - Python Programming: Strengthened Python programming skills by building a functional application.
  - User Interaction Design: Learned how to design user-friendly interfaces for voice-controlled systems.
  - [lamRajiv18/Project-AI](#)
- ❖ Gas reservation system(python/dbms)
  - Developed a gas reservation system using Python.
  - Established a seamless connection with a database (DBMS)
  - Experienced in working with databases and integrating them into applications and also proficient in python programming.
  - [lamRajiv18/gas\\_reservation\\_system- \(github.com\)](#)
- ❖ Bus service system(C)
  - Developed a rudimentary Bus Reservation System in C, demonstrating proficiency in programming logic and data structures.
  - Implemented user authentication, ticket booking, and cancellation functionality.
  - Demonstrated understanding of menu-driven interfaces for user interaction.
  - [lamRajiv18/bus\\_service\\_system \(github.com\)](#)

### SKILLS

- ❖ **Programing language (Python, C)**
- ❖ **Web Development (HTML, CSS, Javascript, php)**
- ❖ DBMS (Mysql, Mysql Server)
- ❖ Microsoft Office (Microsoft word, Microsoft Excel, Microsoft Ppt)
